

## Silicon Labs Reports First Quarter 2024 Results

April 24, 2024 11:05 AM EDT

*Wireless IoT leader sees sequential revenue growth accelerating into the second quarter*

AUSTIN, Texas, April 24, 2024 /PRNewswire/ -- [Silicon Labs](#) (NASDAQ: SLAB), a leader in secure, intelligent wireless technology for a more connected world, reported financial results for the first quarter, which ended March 30, 2024.

"Silicon Labs delivered strong sequential growth in the first quarter, driven by progress in end-customer inventory destocking in both the Home & Life and Industrial & Commercial business units," said Matt Johnson, President and Chief Executive Officer at Silicon Labs. "While we are still in the early stages of the recovery, we expect revenue growth to accelerate in the second quarter as excess inventory is further reduced, bookings improve, and design wins continue to ramp."

### First Quarter Financial Highlights

- Revenue was \$106 million
- Industrial & Commercial revenue for the quarter was \$65 million
- Home & Life revenue for the quarter was \$41 million

Results on a GAAP basis:

- GAAP gross margin was 52%
- GAAP R&D expenses were \$81 million
- GAAP SG&A expenses were \$34 million
- GAAP operating loss was \$59 million
- GAAP diluted loss per share was \$(1.77)

Results on a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the below GAAP to Non-GAAP reconciliation tables were as follows:

- Non-GAAP gross margin was 52%
- Non-GAAP R&D expenses were \$64 million
- Non-GAAP SG&A expenses were \$30 million
- Non-GAAP operating loss was \$39 million
- Non-GAAP diluted loss per share was \$(0.92)

### Business Highlights

- Silicon Labs is advancing its strategic growth plan and has announced several key leadership appointments. These changes underscore the company's commitment to aggressively scaling and leveraging the expertise of executives seasoned in leading high-growth transformations.
  - **Dean Butler** will join the company as Senior Vice President and Chief Financial Officer (CFO) on May 15, 2024. Butler will be responsible for Silicon Labs' financial strategy and will lead the global finance organization. Butler will succeed Mark Mauldin, who is currently serving as interim CFO. Butler joins Silicon Labs from Synaptics Incorporated, where he has served as Senior Vice President and CFO since October 2019. He previously held financial leadership positions at Marvell Technology, Inc. and Broadcom, Inc.

- **Bob Conrad** will join the company as its Senior Vice President of Worldwide Operations on April 29, 2024. Conrad transitions from his current role serving on Silicon Labs' Board of Directors and brings over 40 years of experience in the semiconductor industry to his new position. With a distinguished career that includes leadership roles at NXP Semiconductors, Freescale, Fairchild Semiconductor, Analog Devices, and Texas Instruments, Conrad's extensive background will bolster Silicon Labs' strategic operations as the company advances its global manufacturing and supply chain capabilities.
- **Radhika Chennakeshavula** joins Silicon Labs as Chief Information Officer (CIO) on April 24, 2024. Chennakeshavula now oversees IT operations, enterprise applications, data analytics, and digital transformation initiatives. Chennakeshavula previously served as the VP of Infrastructure Operations and Engineering Services at Western Digital, where she successfully led the infrastructure team in providing high-quality IT services for mission-critical functions, including manufacturing and R&D.
- Announced Silicon Labs' highest-performance device family to date, the xG26 family of wireless SoC's and MCU's. The xG26 family is designed to future-proof the IoT against some of the most demanding emerging applications, including Matter, with double the flash, RAM, and general-purpose input/output capacity as the xG24 family, as well as higher performance compute, embedded AI/ML acceleration, industry-leading power efficiency and security, and 2.4 GHz wireless connectivity that supports Matter, Zigbee, OpenThread, Bluetooth Low Energy, Bluetooth Mesh, Proprietary, and multiprotocol.

#### Business Outlook

The company expects second-quarter revenue to be between \$135 to \$145 million. The company also estimates the following results:

On a GAAP basis:

- GAAP gross margin to be 53%
- GAAP operating expenses of approximately \$125 million
- GAAP diluted loss per share per share between \$(1.45) to \$(1.61)

On a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the reconciliation tables:

- Non-GAAP gross margin to be 53%
- Non-GAAP operating expenses of approximately \$102 million
- Non-GAAP diluted loss per share between \$(0.58) to \$(0.70)

#### Earnings Webcast and Conference Call

Silicon Labs will host an earnings conference call to discuss the quarterly results and answer questions at 7:30 am CDT today. An audio webcast will be available on Silicon Labs' website ([www.silabs.com](http://www.silabs.com)) under [Investor Relations](#). In addition, the company will post an audio recording of the event at [investor.silabs.com](http://investor.silabs.com) and make a replay available through May 24, 2024.

#### About Silicon Labs

Silicon Labs (NASDAQ: SLAB) is a leader in secure, intelligent wireless technology for a more connected world. Our integrated hardware and software platform, intuitive development tools, thriving ecosystem, and robust support make us an ideal long-term partner in building advanced industrial, commercial, home and life applications. We make it easy for developers to solve complex wireless challenges throughout the product lifecycle and get to market quickly with innovative solutions that transform industries, grow economies, and improve lives. #### Forward-Looking Statements

This press release contains forward-looking statements based on Silicon Labs' current expectations. The words "believe", "estimate", "expect", "intend", "anticipate", "plan", "project", "will", and similar phrases as they relate to Silicon Labs are intended to identify such forward-looking statements. These forward-looking statements reflect the current views and assumptions of Silicon Labs and are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Among the factors that could cause actual results to differ materially from those in the forward-looking statements are the following: the competitive and cyclical nature of the semiconductor industry; the challenging macroeconomic environment, including disruptions in the financial services industry; geographic concentration of manufacturers, assemblers, test service providers and customers in Asia that subjects Silicon Labs' business and results of operations to risks of natural disasters, epidemics or pandemics, war and political unrest; risks that demand and the supply chain may be adversely affected by military conflict (including in the Middle East, and between Russia and Ukraine), terrorism, sanctions or other geopolitical events globally (including in the Middle East, and conflict between

Taiwan and China); risks that Silicon Labs may not be able to maintain its historical growth; quarterly fluctuations in revenues and operating results; difficulties developing new products that achieve market acceptance; risks associated with international activities (including trade barriers, particularly with respect to China); intellectual property litigation risks; risks associated with acquisitions and divestitures; product liability risks; difficulties managing and/or obtaining sufficient supply from Silicon Labs' distributors, manufacturers and subcontractors; dependence on a limited number of products; absence of long-term commitments from customers; inventory-related risks; difficulties managing international activities; risks that Silicon Labs may not be able to manage strains associated with its growth; credit risks associated with its accounts receivable; dependence on key personnel; stock price volatility; the impact of COVID-19 on the U.S. and global economy; debt-related risks; capital-raising risks; the timing and scope of share repurchases and/or dividends; average selling prices of products may decrease significantly and rapidly; information technology risks; cyber-attacks against Silicon Labs' products and its networks; risks associated with any material weakness in our internal controls over financial reporting; and other factors that are detailed in the SEC filings of Silicon Laboratories Inc. Silicon Labs disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. References in this press release to Silicon Labs shall mean Silicon Laboratories Inc.

**Non-GAAP Financial Measurements**

In addition to the GAAP results provided throughout this document, Silicon Labs has provided non-GAAP financial measurements on a basis excluding non-cash and other charges and benefits. Details of these excluded items are presented in the tables below, which reconcile the GAAP results to non-GAAP financial measurements.

The non-GAAP financial measurements do not replace the presentation of Silicon Labs' GAAP financial results. These measurements provide supplemental information to assist management and investors in analyzing Silicon Labs' financial position and results of operations. Silicon Labs has chosen to provide this information to investors to enable them to perform meaningful comparisons of past, present and future operating results and as a means to emphasize the results of core on-going operations.
