PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 24, 2003

GENERAL

The enclosed Proxy is solicited on behalf of the Board of Directors of Silicon Laboratories Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on April 24, 2003 at 9:30 a.m. Central Time at the Lady Bird Johnson Wildflower Center, 4801 La Crosse Avenue, Austin, Texas 78739. These proxy solicitation materials were mailed on or about March 17, 2003, to all stockholders entitled to vote at the Annual Meeting.

VOTING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying notice and are described in more detail in this Proxy Statement. On February 24, 2003, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 48,988,084 shares of our common stock outstanding and no shares of our preferred stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on February 24, 2003. The presence, in person or by proxy, of the holders of a majority of our shares entitled to vote is necessary to constitute a quorum at this Annual Meeting. Stockholders may not cumulate votes in the election of directors. The vote of a plurality of the shares of our common stock present in person or represented by proxy at this meeting and entitled to vote on the election of directors is necessary for the election of a director. The nominees receiving the greatest number of votes at this meeting will be elected to our Board of Directors, even if they receive less than a majority of such shares.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., a Proxy submitted by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter). Abstentions and broker non-votes will be counted as present for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining whether each proposal has been approved.

PROXIES

If the enclosed form of Proxy is properly signed and returned or you properly follow the instructions for telephone or internet voting, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be voted FOR the election of the directors proposed by the Board of Directors unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the Proxy will be voted FOR the approval of the selection of Ernst & Young LLP as our independent auditors. You may revoke or change your Proxy at any time before the Annual Meeting by filing with our Secretary at our principal executive offices at 4635 Boston Lane, Austin, Texas 78735, a notice of revocation or another signed Proxy with a later date. You may also revoke your Proxy by attending the Annual Meeting and voting in person.

SOLICITATION

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone or other means by directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit Proxies other than by mail.

DEADLINE FOR RECEIPT OF FUTURE STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, stockholder proposals to be presented at our 2004 Annual Meeting of Stockholders and in our proxy statement and form of proxy relating to that meeting must be received by us at our principal executive offices in Austin, Texas, addressed to our Chief Financial Officer, not later than November 18, 2003, the date which is 120 days prior to March 17, 2004. These proposals must comply with applicable Delaware law, the rules and regulations promulgated by the Securities and Exchange Commission and the procedures set forth in our bylaws. Unless we receive notice in the manner specified in the previous sentence, the Proxy holders shall have discretionary authority to vote against any proposal presented at our 2004 Annual Meeting of Stockholders.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING
PROPOSAL ONE: ELECTION OF DIRECTORS

GENERAL

The Board of Directors is divided into three classes, designated Class I, Class II and Class III. Each class is as nearly equal in size as practicable, with staggered three-year terms. In the event a nominee is unable or declines to serve as a director at the time of the Annual Meeting, the Proxies will be voted for any nominee who may be designated by our present Board of Directors to fill the vacancy. BOARD COMMITTEES AND MEETINGS

During fiscal 2002, our Board of Directors held eight meetings and acted by unanimous written consent one time. The Board of Directors has an Audit Committee, a Compensation Committee and a Special Stock Option Committee. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served during fiscal 2002.

AUDIT COMMITTEE. The Audit Committee reports to the Board of Directors with regard to the selection of our independent auditors, the scope of the annual audits, the fees to be paid to the independent auditors, the performance of our independent auditors, compliance with our accounting and financial policies, and management's procedures and policies relative to the adequacy of our internal accounting controls. The Board of Directors has adopted a written charter for the Audit Committee. The members of the Audit Committee are independent as defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. The members of the Audit Committee are Messrs. Bock, Cash and Wood. Mr. Bock serves as Chairman of the Audit Committee. The Audit Committee held four meetings during fiscal 2002.

COMPENSATION COMMITTEE. The Compensation Committee reviews and makes recommendations to the Board of Directors regarding our compensation policies and all forms of compensation to be provided to our executive officers and other employees. In addition, the Compensation Committee has authority to administer our stock option and stock purchase plans. The members of the Compensation Committee are Messrs. Bock, Cash and Wood. Mr. Wood serves as Chairman of the Compensation Committee. The Compensation Committee held two meetings and acted by unanimous written consent one time during fiscal 2002.

SPECIAL STOCK OPTION COMMITTEE. The Special Stock Option Committee, which is composed of Mr. Sooch, approves grants of options from our 2000 Stock Incentive Plan to non-executive officers and employees. The Board of Directors generally reviews the grants made by the Special Stock Option Committee at the next meeting of the Board of Directors. The Special Stock Option Committee acted 25 times by written consent at regular intervals during fiscal 2002.

DIRECTOR COMPENSATION AND INDEMNIFICATION ARRANGEMENTS

Non-employee directors receive option grants at periodic intervals under the automatic option grant program of our 2000 Stock Incentive Plan. Under the automatic option grant program, each individual who first becomes a non-employee director receives an option grant to purchase 30,000 shares of common stock on the date such individual joins the board. In addition, on the date of each annual stockholders meeting, each non-employee director who continues to serve as a non-employee director is automatically granted an option to purchase 5,000 shares of common stock, provided such individual has served as a non-employee director for at least six months. Under this program, on the date of our 2002 annual meeting of stockholders, Messrs. Bock, Cash and Wood each received an option grant to purchase 5,000 shares of common stock at an exercise price per share of \$30.15. In addition, directors are eligible to receive option grants under the discretionary option grant program of the 2000 Stock Incentive Plan. During fiscal 2002, Messrs. Bock, Cash and Wood also each received an option grant to purchase 5,000 shares of common stock at an exercise price per share of \$24.30 under the discretionary option grant program. The automatic grants and discretionary grants are each immediately exercisable, vest on the first anniversary of the date of grant and have exercise prices equal to fair market value as of the grant date.

In October 2002, the Board of Directors unanimously approved a cash compensation plan which provides \$25,000 per year in cash compensation for each non-employee director and \$20,000 per year in additional cash compensation for the chairman of the audit committee. Such payments are paid in equal quarterly installments on the last day of each calendar quarter. Messrs. Bock, Cash and Wood were each paid one quarterly installment of the cash compensation plan for non-employee directors of \$6,250 during fiscal 2002. Additionally, Mr. Bock was paid one quarterly installment of \$5,000 for his service as chairman of the audit committee during fiscal 2002. This cash compensation plan was instituted, based on a review of compensation provided to directors of similarly situated companies, to provide incentives to retain directors as well as to attract additional highly-qualified and motivated individuals to serve on our Board of Directors.

We reimburse directors for all reasonable out-of-pocket expenses incurred in attending board and committee meetings.

Our certificate of incorporation limits the personal liability of our board members for breaches by them of their fiduciary duties. Our bylaws require us to indemnify our directors to the fullest extent permitted by Delaware law. We have also entered into indemnification agreements with all of our directors and have purchased directors' and officers' liability insurance.

RECOMMENDATION OF THE BOARD OF DIRECTORS

OUR BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES FOR CLASS II DIRECTORS LISTED ABOVE.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC AUDITORS

Our Audit Committee appointed the firm of Ernst & Young LLP as our independent public auditors for the fiscal year ending January 3, 2004. Ernst & Young LLP has audited our financial statements since our inception in 1996. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

AUDIT FEES: Audit fees billed to us by Ernst & Young LLP for fiscal 2002 totaled \$146,000 for the audit of our annual financial statements included in our Form 10-K and the review of our financial statements included in our quarterly reports on Form 10-Q.

OTHER FEES: All other fees were \$230,500, including tax-related services of \$205,800 and audit-related fees of \$24,700. Audit-related services included fees for statutory audits, accounting consultations and review of SEC registration statements.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES: We did not engage Ernst & Young LLP to provide advice regarding financial information systems design and implementation during fiscal 2002.

Our Audit Committee has reviewed the fees described above and believes that such fees are compatible with maintaining the independence of Ernst & Young LLP.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent public auditors is not required by our bylaws or other applicable legal requirement. However, the appointment of Ernst & Young LLP is being submitted to the stockholders for ratification. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain the firm. Even if the appointment is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the company and its stockholders.

RECOMMENDATION OF THE BOARD OF DIRECTORS

UPON THE RECOMMENDATION OF OUR AUDIT COMMITTEE, OUR BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP TO SERVE AS OUR INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING JANUARY 3, 2004.

OTHER MATTERS

We know of no other matters that will be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent as the Board of Directors may recommend. Discretionary authority with respect to such other matters is granted by the execution of the enclosed Proxy.

CERTAIN TRANSACTIONS

REGISTRATION RIGHTS. According to the terms of the investors' rights agreement among us, investors who purchased shares of our preferred stock in financings prior to our initial public offering and Messrs. Sooch, Scott, Welland and our former Chief Financial Officer John McGovern, investors in our preferred stock holding an aggregate of at least two-thirds of the shares of common stock issued upon conversion of the preferred stock are entitled to demand that we file a registration statement with respect to the registration of their shares under the Securities Act of 1933, provided that those investors request that such registration statement register the resale of at least half of the outstanding shares held by them. We are not required to effect more than two such registrations or more than one such registration during any 365 day period.

In addition, certain holders of shares of our common stock, including Messrs. Sooch, Scott, Welland, McGovern, and Cash, Silverton Partners and entities affiliated with Austin Ventures and other stockholders have "piggyback" registration rights with respect to the future registration of shares of our common stock under the Securities Act. AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee with respect to the audit of our fiscal 2002 audited consolidated financial statements:

Management is responsible for the company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the independent auditors. Management represented to the Committee that the company's consolidated financial statements in the Annual Report were prepared in accordance with accounting principles generally accepted in the United States, and the Committee has reviewed and discussed the consolidated financial statements in the Annual Report with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The company's independent auditors also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors that firm's independence. The Audit Committee reviewed non-audit services provided by its independent auditors for the last fiscal year, and determined that those services are not incompatible with maintaining the auditors' independence.

Based upon the Committee's discussion with management and the independent auditors and the Committee's review of the representation of management and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the company's Annual Report on Form 10-K for the year ended December 28, 2002 filed with the Securities and Exchange Commission.

- (1) The potential realizable value is calculated from the closing price of Common Stock on the dates of grants to executive officers. These amounts represent certain assumed rates of appreciation only. There can be no assurance provided to any executive officer or other holder of our securities that the actual stock price appreciation over the ten-year option term will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of our common stock appreciates over the option term, no value will be realized from those option grants which were made to our executive officers named in the Summary Compensation Table of the Executive Compensation section of this Proxy Statement with an exercise price equal to the fair market value of the option shares on the grant date.
- (2) Percentage is based on 2,106,850 shares underlying options granted to employees during the fiscal year ended December 28, 2002 from the 2000 Stock Incentive Plan.
- (3) The exercise price may be paid in cash or in shares of our common stock valued at fair market value on the exercise date. Alternatively, the option may be exercised through a cashless exercise procedure. Outstanding options will become exercisable on an accelerated basis if we are acquired and (i) such options are not assumed or (ii) upon termination under certain circumstances within 18 months following an acquisition.
- (4) Options were granted on June 13, 2002 and become exercisable in a series of twelve equal successive monthly installments over the twelve-month period following June 13, 2005.
- (5) Options were granted on October 24, 2002 and become exercisable in a series of twelve equal successive monthly installments over the twelve-month period following October 24, 2005.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

The Compensation Committee of the Board of Directors, as Plan Administrator of the 2000 Stock Incentive Plan, has the authority to provide for accelerated vesting of the shares of our common stock subject to any outstanding options held by any executive officer or any unvested share issuances actually held by such individual, in connection with certain changes in control of us or the subsequent termination of the officer's employment following the change in control event.

Our 2000 Stock Incentive Plan, which governs the options granted to the named executive officers, includes the following change in control provisions which may result in the accelerated vesting of outstanding option grants and stock issuances:

- o In the event that we are acquired, each outstanding option under the discretionary option grant program will, unless assumed or replaced by the successor or otherwise continued in effect, will immediately become exercisable for all the option shares, and all outstanding unvested shares will immediately vest, except to the extent our repurchase rights with respect to those shares are assigned to the successor or otherwise continued in effect.
- o The plan administrator has the authority under the discretionary option grant program to provide that those options will automatically vest in full (i) upon an acquisition of the company, whether or not those options are assumed or replaced, (ii) upon a hostile change in control of the company effected through a tender offer for more than 50% of our outstanding voting stock or by proxy contest for the election of board members, or (iii) in the event the individual's service is terminated, whether involuntarily or for good reason, within a designated period (not to exceed 18 months) following an acquisition in which those options are assumed or replaced or a hostile change in control.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers serves as a member of the Board of Directors or Compensation Committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee. No member of the Compensation Committee serves or has previously served as one of our officers or employees.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

It is the duty of the Compensation Committee to review and determine the salaries and bonuses of our executive officers, including the Chief Executive Officer, and to establish the general compensation policies for such individuals. The Compensation Committee also has the sole and exclusive authority to make discretionary option grants to our executive officers under our 2000 Stock Incentive Plan.

The Compensation Committee believes that the compensation programs for our executive officers should reflect our performance and the value created for our stockholders. In addition, the compensation programs should support our short-term and long-term strategic goals and values and should reward individual contribution to our success. We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executives through the competitive compensation packages we offer to such individuals.

GENERAL COMPENSATION POLICY. The Compensation Committee's policy is to provide our executive officers with compensation opportunities that are based upon their personal performance, our financial performance and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised of three elements: (i) base salary that is competitive with the market and reflects individual performance, (ii) variable performance awards payable in cash and tied to our achievement of financial performance goals and individual accomplishments and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be variable and dependent upon our financial performance and stock price appreciation rather than base salary.

FACTORS. The principal factors that were taken into account in establishing each executive officer's compensation package for the 2002 fiscal year are described below. However, the Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

BASE SALARY. In setting base salaries, the Compensation Committee reviewed published compensation survey data for its industry. The Committee also identified a group of companies for comparative compensation purposes for which it reviewed detailed compensation data incorporated into their proxy statements. This group was comprised of approximately fifteen companies. The base salary for each officer reflects the salary levels for comparable positions in the published surveys and the comparative group of companies, as well as the individual's personal performance. The relative weight given to each factor varies with each individual in the sole discretion of the Compensation Committee. Each executive officer's base salary is evaluated periodically on the basis of (i) the Compensation Committee's evaluation of the officer's personal performance for the year and (ii) the competitive marketplace for persons in comparable positions. Our performance and profitability may also be a factor in determining the base salaries of executive officers.

VARIABLE PERFORMANCE AWARDS. The variable performance awards have typically been paid in cash quarterly payments based on the preceding quarterly results. These payments, when the criteria are satisfied, are paid out shortly after the release of the quarterly financial results. The cash awards are tied to a blend of overall company financial performance metrics, individual financial metrics driven by the performance of major product areas and company-wide operating profits before non-cash charges as a percent of revenue. A personalized plan is styled for each executive officer based on the metrics that best reflect their impact over the four quarters of the year. Typically, the Compensation Committee reviews the plans in conjunction with the fiscal year operating plan discussions. During fiscal year 2002, the cash awards were proportionately higher in the second half of the year as compared to the first half of the year, reflecting the corresponding earnings pattern for the company for those periods. In addition to these metric-driven award calculations, the Chief Executive Officer may cancel or decrease a plan payout at his sole discretion for any or all executive officers.

The company maintains for all other non-officer employees a variable cash compensation plan that is typically paid quarterly to eligible individuals based on the overall Company financial performance. The chief executive officer selects the quarterly payment amount, which typically has been in the range of 4 to 11% of base salary for most employees.

LONG TERM INCENTIVES. Generally, stock option grants are made from time-to-time by the Compensation Committee to each of the company's executive officers. Each grant is designed to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage the company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the company's common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a series of installments over a multi-year period, contingent upon the officer's continued employment with the company. Accordingly, the option will provide a return to the executive officer only if he or she remains employed by the company during the vesting period, and then only if the market price of the shares appreciates over the option term.

The size of the option grant to executive officers is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the company, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual. The Compensation Committee has established certain guidelines with respect to the option grants made to the executive officers but has the flexibility to make adjustments to those guidelines at its discretion.

CEO COMPENSATION. In setting the total compensation payable to the company's Chief Executive Officer for the 2002 fiscal year, the Compensation Committee considered that compensation competitive with the compensation paid to the chief executive officers of the companies in the surveyed group.

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers to the extent that compensation exceeds one million dollars per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Non-performance based compensation paid to the company's executive officers for the 2002 fiscal year did not exceed the one million dollar limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the company's executive officers for fiscal 2003 will exceed that limit. The company's 2000 Stock Incentive Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as

performance-based compensation which will not be subject to the one million dollar limitation. Because it is unlikely that the cash compensation payable to any of the company's executive officers in the foreseeable future will approach the one million dollar limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the company's executive officers. The Compensation Committee will reconsider this decision should the individual cash compensation of any executive officer ever approach the one million dollar level.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the company's performance and the interests of the company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.
